SERVICES

Do good. Do it well. Sustainably!

Do good. Do it well. Sustainably!

Overview of NDAS

Ntuthuko Development Advisory Services (NDAS) has a Core Team of six experienced consultants supported by skilled associates.

Sifiso Chikandi has worked in the development sector for 21 years. He has

worked in the academia, United Nations, and for ActionAid International.

Pamela

Gwatidzo has worked at senior level in the private sector.

Zifiso Masiye has worked in senior capacities in local government and tourism. He has led numerous community and organizational development initiatives.

Roger Mpande has worked as researcher, extension officer, development and environment expert, and consultant. His work has included reviews of Zimbabwe's performance on MDGs.

Bheki Maboyi has varied experience in project research and planning focusing on climate change, energy and environmental management.

Fannie Mutepfa has experience in the public sector and consulting. She is an expert in results-based management and gender mainstreaming in environment projects.

Service Offering...

Ntuthuko Development Advisory Services offers:

- Training in Results-Based Management
- Training in software for Results-Based Management
- Training in Strategic Planning and Management
- Strategic Planning Facilitation

We help clients develop, communicate and grow ideas and organisations.

- Project Evaluation
- Organisational capacity assessments and development planning
- Performance Reviews, and
- Board training

In each of our areas of work we have developed tools and processes that deliver results. Our experience in gender, HIV&AIDS and environment enables us to mainstream these issues and ensure they are not mere add-ons. We offer unbeatable guidance on mainstreaming and the rights-based approach.

Our commitment....

At NDAS we are committed to seeing Africa make the best of available opportunities. In pursuit of this commitment, our services are arranged into five clusters—each one reflecting what we see as an area of opportunity for our clients. The five areas are:

- **Technology** to improve productivity.

- **Skills** for effective project and organizational management
- **Technical advice** to improve organizational and project effectiveness
- **Support to community-based and driven work** including promoting social entrepreneurship..
- **Dialogue** to promote sharing of ideas and best practices.

To learn more about what we do in each of these 5 areas visit:
